## Supply Issues

### Submarine Supply Community

- Proven path to a Successful Naval Career
- Department Head Tour early
- Highly competitive, hand selected officers...Proven Performers looking to Crossdeck
- SUB PAY \$230-\$595 a month
- As with all warfare specialties...multiple tours are OK...Submarine Force is no exception

### DLR Management

- Significant focus of attention - Managing carcass charges...more importantly preventing charges
- **e-RMS** - (web-based program for DLR carcass identification/processing/tracking)
- Recent start-up in Norfolk, Kings Bay, NOLON and EMORY S LAND...working very well

### Guaranteed Returns - DSCP program to provide credits for expired medicinals...

- Cash back to NSSC to offset cost of future purchases

### Medical Prime Vendor - (web-based program for ordering drugs/medicinals directly from the commercial source)

- Excellent ... reduces workload/improves efficiency and improves effectiveness/availability of the medicinals.
- 23% savings over non-MPV orders and a Fill Rate of 93%

### Bridge FSM - (replaces aged DOS FSM version...the bridge to an ERP version of FSM)

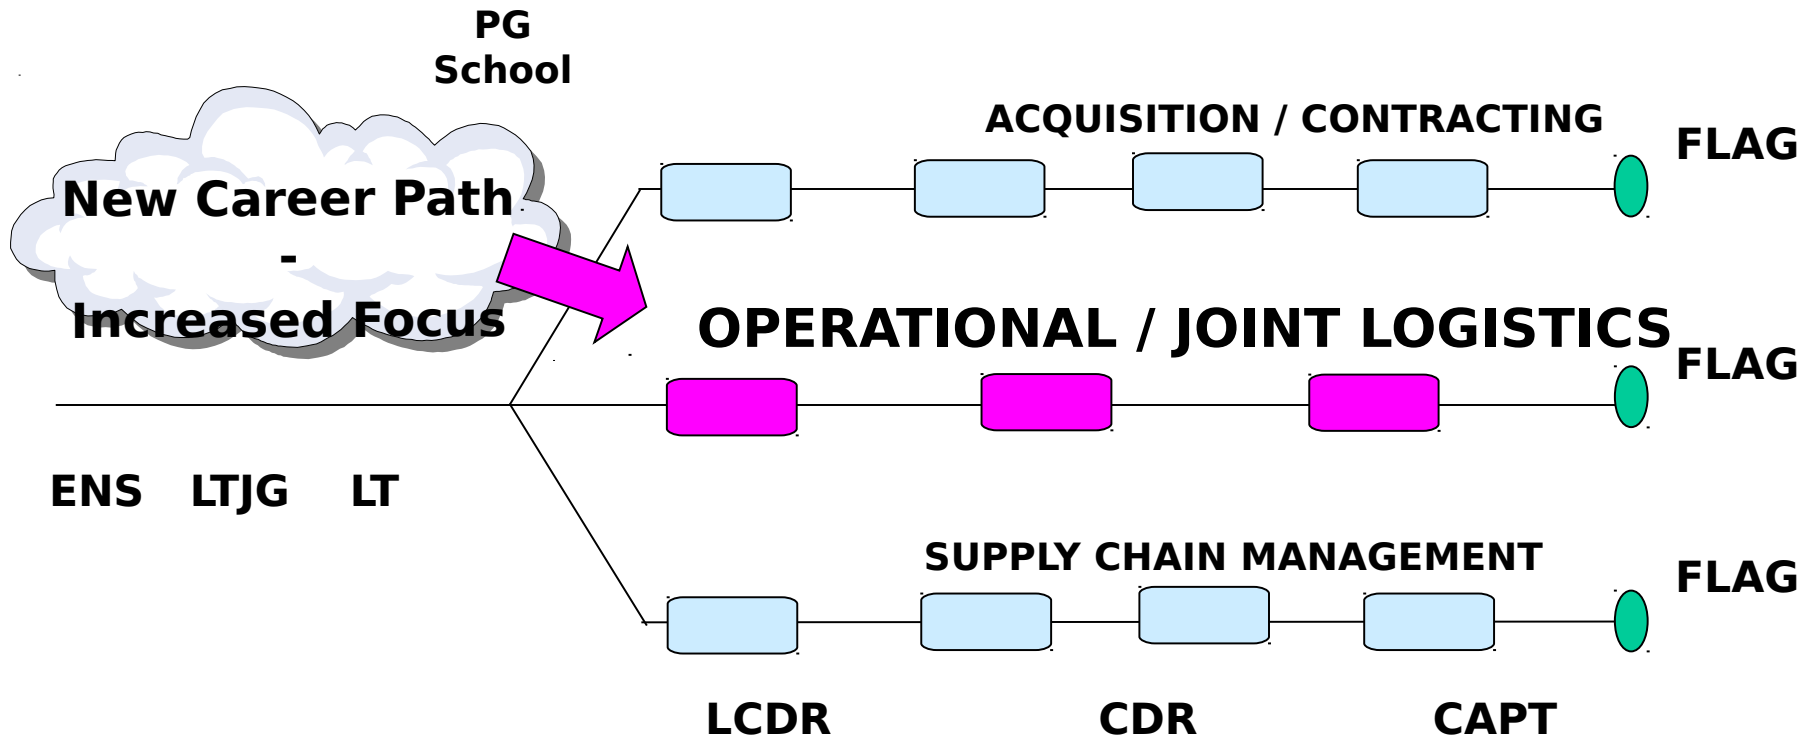

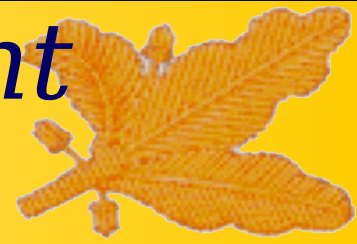

- Currently under development...projected delivery to Navy is JUL04...On Schedule
- First prototypes schedule for late AUG early SEP 04.
